RE: Schedule Modification Request

Dear Mr. Brown:

This purpose of this letter is to transmit to Olin the Environmental Protection Agency's (the "EPA") approval of Olin's October 28, 1991 request for a revision to the May 24, 1991 Remedial Investigation/Feasibility Study (RI/FS) schedule. This is done in accordance with Section XXIII of the Administrative Order on Consent (AOC) which provides for modification of the RI/FS schedule with written approval from the EPA.

EPA has received and is currently reviewing the Source Evaluation Technical Memorandum, which was submitted by Olin on November 12, 1991. If you have any questions you may contact me at (404)347-2643.

Sincerely,

Kenneth A. Lucas  
Remedial Project Manager  
South Superfund Remedial Branch
